Logic Puzzle

Four playing cards, one of each suit, lie face down on a table.
They are a three, a four, a five, and a six.

The cards on either side of the four are black.
The club is to the right of the three but not next to it.

The spade is to the left of the heart.

The middle two cards add up to an even number. Neither of them is a club.

Can you determine the cards' suits and their order?
